# Mini-Grant Application

## FOR MILFORD PUBLIC SCHOOL DISTRICT TEACHERS

The Milford Education Foundation (*MEF or the Foundation*) is a 501(c)(3) organization that fosters a love of learning by engaging our children with programs that focus on excellence, innovation, and creativity. The majority of the Foundation's fundraising dollars are reinvested by awarding mini-grants to visionary educators who present the youth in our community with learning opportunities that build critical skills through innovative programming. *As with previous years, we are seeking projects that will focus on areas of strategic interest to the Foundation and the Milford Public Schools while enhancing the opportunity to scale the grant awards across other classrooms over time.*

### APPLICATION PROCESS

Applicants must apply online or submit copies of the completed application form, together with any supporting documentation, to the Foundation by **Sunday, March 20, 2022**. Review of applications will occur in a timely manner after deadline and selected projects will be reviewed by MPS administration for final approval. Selected mini-grant applicants will be notified by April 1, 2022. Grant requests shall not exceed **\$1,000** and must be expended within a reasonable period of time (not to exceed 18 months), or the remainder of the grant will be returned to the Foundation. Awarded projects may be suspended at any time if the applicant fails to comply with the criteria included within this application document. MEF may request a follow-up discussion with or additional information from the applicant.

Requests may be made for consideration of materials and/or other resources in addition to those already provided by the Milford Public School District. The Foundation recognizes that many innovative ideas incorporate personal technology devices, such as tablets, that have become increasingly available within the District. Please check with your school's media supervisor before seeking mini-grant funds for technology items. Mini Grants should not be used as a basis to request such equipment. Additionally, projects that seek funding for professional development, classroom furnishings and transportation are generally discouraged. **All materials and assets purchased through the Mini-Grant process will become BOE property and do not become personal items of the applicant.**

### PRICING AND PROCUREMENT

All applications must follow all MBOE rules and procedures regarding ordering, reimbursement and cash handling. Awards will be administered and distributed through the Office of the Assistant Superintendent for Milford Public Schools, which will also handle procurement. **The Foundation strongly urges applicants to contact MPS Purchasing in order to obtain accurate pricing of proposed materials from approved vendors prior to submission.** Additionally, the District requires extended care plans on certain technology purchases, a cost that must be budgeted in your proposal. Please allow ample time for pricing quotes in advance of application deadline.

## TEACHER MINI-GRANT CRITERIA

The funds awarded by the Foundation will be targeted at projects that will:

- Relate directly to student learning and growth
- Strengthen the curriculum through the development of innovative programs
- Enhance the educational resources available to students

While the Foundation welcomes innovative ideas from all disciplines, we would like **50% of the awarded grants to align with specific subject matter interests** as follows:

- **Social & Emotional Learning:** e.g., mindfulness, emotional intelligence, impact of arts with social learning, community improvement, dealing with divisiveness
- **Creativity and the Arts:** e.g., encouraging innovation, learning from outside experts
- **Interdisciplinary Learning:** e.g., connecting common themes/concepts across subject matters
- **Science/Technology:** e.g., increasing hands-on experiences, interaction with outside professionals, furthering programmatic logic and exploring robotics engineering and artificial intelligence
- **Math:** e.g., using innovative reinforcement tools, promoting real-world contextualization

In addition to mapping out the pilot program recommendation, applicants will be asked:

- How success will be measured
- How scalable is it to expand to other classrooms — i.e., the feasibility and practicalities of expanding beyond the pilot phase

## Special Grants, Specific Criteria

MEF has grants that were provided by donors who have designated specific criteria:

**Nash Family Government, Leadership, and Civic Engagement Mini-Grant.** This grant will fund a project that promotes leadership and encourages civic engagement.

**The Foundation may request that all grant awardees attend a breakfast in their honor at the end of the academic year, where they will present information about their completed mini-grant to other educators, Foundation sponsors and supporters, and members of the community.**

## HOW CAN YOU PARTICIPATE IN THE MILFORD EDUCATION FOUNDATION?

**1. We need your support and enthusiasm!** Volunteers are always needed for our many large educational events in Milford. And simply being an advocate for MEF and its mission with your Milford neighbors helps our fundraising and program involvement.

**2. We welcome your ideas on projects or programs you feel would enhance education in Milford!** We have the ability to make large ideas a reality with our network of committed volunteers. If your idea mirrors our mission, will have an impact on a large number of students, and fits into our development plan...we will take a serious look at it.

**3. Donate!** Contributions from families, individuals, foundations, and corporations are a vital source of income for the Foundation. Even a small donation can have a large impact because we prioritize programs with a high student-to-funding ratio.
